

Boston Scientific – Natick, MA

AEI FASTLINKS was contracted by Boston Scientific to take over the annual maintenance contract on its fSONA 100Base-FX FSO link in operation between its facilities in Natick, MA. **AEI** was recommended by the FSO link manufacturer, fSONA. The link was implemented a few years back to provide a high capacity connection between sites approx. 500 meters apart. The maintenance contract included telephone support, and extended factory warranty, advance, next business day replacement of failed components and on-site service.

The Wireless WAN Pros!

FYI – Boston Scientific was founded in 1979. It employs approximately 16,000 people and operates 22 technology centers worldwide with its headquarters located in Natick, MA.
