

Wilmer, Cutler, Pickering, Hale & Dorr

AEI FASTLINKS was contracted by Sullivan & McLaughlin, a large construction firm out of Boston, MA to establish a 1000Base-Fx (1.25Gbps) connection between two of its client's facilities in downtown Boston. Their client, had outgrown its current office space and had acquired additional space in a nearby building. **AEI** was brought into spec. out a secure, high capacity, system that could provide reliable communications while shooting through glass at one side. A GigE FSO link was recommended and in turn installed.

The Wireless WAN Pros!

FYI –WilmerHale is the result on two prestigious law firms joining forces (Wilmer, Cutler & Pickering founded in Washington, DC in 1962 and Hale & Dorr founded in Boston in 1918).
